

Melody Moo's Happy Song

By Carla

This is Melody Moo. She is a **SMALL** monster. The monster is green.

The monster has BIG round eyes. The monster has a wide happy mouth. This is her smile.

This is a microphone. The monster has TWO arms. She holds the microphone in one arm.

The monster has TWO white horns.
This is a BIG yellow helmet. The
helmet keeps the horns safe.

This is a music book. The book is BIG and coloured red. Melody Moo is calm when she reads the notes.

The monster has sharp little teeth. The notes are SMALL and black. Melody Moo needs the notes to sing her song.

The monster has tiny purple feet. She does not have claws on her feet. Melody Moo is happy to stomp her feet to the rhythm.

The monster sings about a star. This is a VERY famous song. The monster is scared sometimes, but today she is happy!

The monster is BIG happy because she finished her song! Melody Moo loves to sing for everyone. This is the end of the show!
