

Song

The monster has a voice so sweet
Sings to the night on cloven feet
Eyes of blue
A golden hue
The monster is Melody Moo

[Chorus] It sings It howls
It fills the air Melody Moo is everywhere

The monster has a song to share
The monster is a dream A flare
The monster has a heart of light
Glow like the moon in the darkened night
Two sharp teeth A smile so wide
The monster is joy it cannot hide

[Prechorus] It sings for the stars It
sings for the sky [
Chorus] It sings It howls It fills the air
Melody Moo is everywhere

The monster has a song to share
The monster is a dream A flare [Bridge]
Purple clouds A silver sea
The monster is wild
The monster is free
Three soft notes A melody
The monster has eternity
