

Easter in English-Speaking Countries

READ AND DISCOVER!

Easter is a very happy time in countries like the UK and the USA. It happens in Spring, when the flowers grow, the sun shines, and the weather is nice.

In these countries, there is a very famous character called the Easter Bunny. He is a magical rabbit with long ears, and he is very fast. On Easter Sunday, the bunny visits houses and hides chocolate eggs for children. People also love to decorate real eggs with bright colours like red, purple, and pink.

Another tradition is sending Easter cards to friends and family to say "Happy Easter!".

Families also eat special food, like Hot Cross Buns. This is a special sweet bread with a cross on top, and it is delicious! For fun, children play the Egg Hunt. They take a basket and go to the garden to look for eggs behind trees or under big leaves. In some places, they also have an Egg Rolling race. Children roll hard eggs down a hill, and the fastest egg is the winner!
