

Reading: Brickly's Busy Day

Brickly is a very special green monster. Every morning, he wakes up at 7 o'clock. He eats breakfast in the kitchen; he eats a crunchy TV remote and drinks blue ink. After breakfast, he brushes his yellow teeth with a hairbrush. Then, he goes to school with his brown backpack. At school, Brickly is very talented! He can run very fast on one leg and he can sing rock music beautifully.

However, he has some problems: he can't write with a pencil because his hands are too big, and he can't dance ballet.

In the afternoon, Brickly writes stories on the walls of his house and sings to his pet rock. Finally, at night, he dances in his garden before he goes to sleep on his favourite wooden chair.

True or False? Write T or F

Brickly eats cereal for breakfast. ()
